

NEW SAFEGUARDING YOUTH REFRESHER COURSE

The new Safeguarding Youth refresher course is now live on my.scouting! Here is more on where to locate the new course.

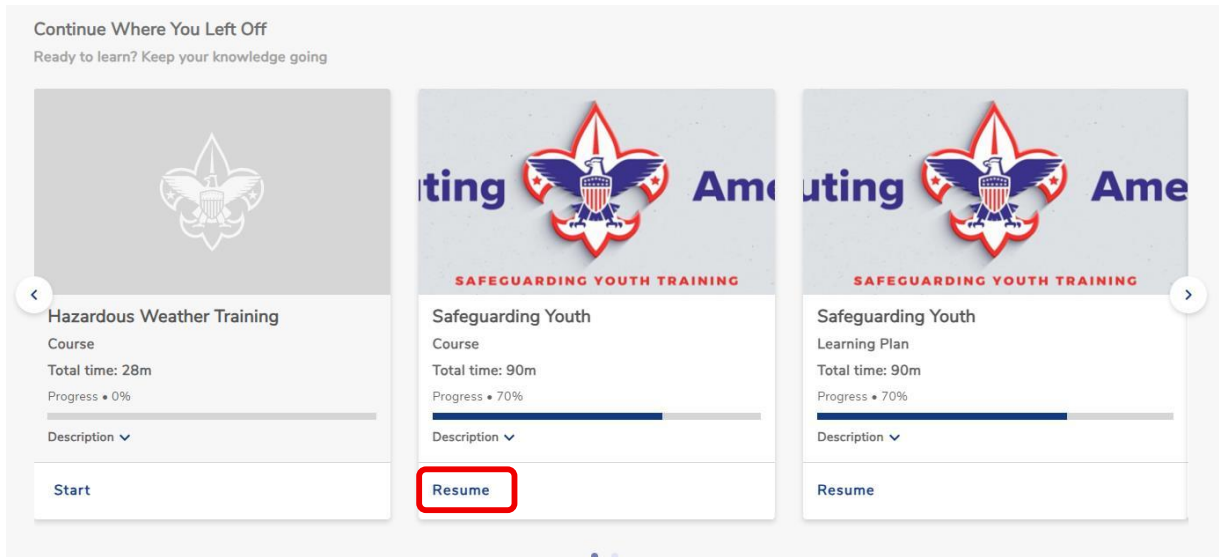

- This course can be found by going to My.Scouting
 - My training on the home page

- Click on the “Retake Course” option next to the Safeguarding Youth Training Status on the right.

- This will bring you to the Scouting Training Catalog. If you still have training to take your screen will look like this and:

- Click the start button on the bottom of the 90m Safeguarding youth course or resume if you were in the process of completing it earlier.
- If you have taken your SYT after 5/19/2025 and are just needing the refresher, the refresher will automatically pop up.

- You should NOT have to search for the refresher course. If the refresher course does not pull up for you please reach out to D'Kolle at the Council office and she will look in why that is.
- If you take the refresher course and you do NOT meet the requirements, i.e. after 5/19/2026, get 80% or over, with 7 days of SYT expiring, this WILL NOT count as or update your Safeguarding Youth Training.
