

Chat questions from Renewal and Registration Zoom 10/7/2026

How will we see the recording if we have someone that didn't make it tonight? the recording will be on Quivira.org under the renewal tab.

QUESTIONS--

Every child that shares the same address gets the multi-family discount.

Any discount requested except for the military discount, can only be given by registering through the council office, not on-line.

So it only seems like two \$60 back to back because it just started, right? Yes. As its just launched its working through an entire year with the August date charging youth the full price August through December but receive the discount next year if they have a sibling who renews in January through August. We wanted the fall families to receive the same opportunity as the traditional (January/February) timeline will for the discounted program fee.

Council registrar is researching if the event discount can be given directly through Black Pug

The national timeline picture will be uploaded to the Quivira Council renewal web page.

d'kolle.mowery@scouting.org

So if a family has a scout in the troop, and a scout in a pack, if one of them pays the regular fee, the other sibling will get a discount? Yes.

I did not really understand the \$60 now and \$60 later? Is later next renewal?

It starts over Jan 1, so first sibling to pay in Jan is \$60

Increases in Fees - Quivira Council will always be here to help if/when finances are a concern. If families need help, we are here for them!

So if a family has a scout in the troop, and a scout in a pack, if one of them pays the regular fee, the other sibling will get a discount? Yes

So my Scouts who's membership expires at the end of this month need to make sure they renew this month but not in January? And is that for 12 months or through FEB 2027 OR 2028?

So when we are all on the same cycle, how will that be worked out? (The first sib vs 2nd in another unit.)

Are you sharing the slides somewhere besides here? Could you please make this a Facebook post too? I want to be able to share info with my other Scout peeps. 😊 You will be able to share the council renewal web page address with anyone.

So all my scouts who signed up this year, will have to renew in feb 2027? No.

Ok, so scouts that renewed this year, are going to have to renew again by feb 2027? I feel like you have answered this already... and thank you for all you do!

registration fees until Dec. 2026 will be at 2026 prices.
